The screenshot displays the Microsoft Advertising adCenter dashboard. At the top left is the Microsoft Advertising logo and the text 'Microsoft Advertising adCenter'. Below this is a navigation bar with tabs for 'Home', 'Campaigns', 'Opportunities', 'Accounts & Billing', and 'Tools'. The 'Campaigns' tab is currently selected. The main content area shows the account information: 'Customer: GSC > Account: GSC' and 'Account selected: GSC - X0266819'. Below this, there are links for 'Status: Active', 'Import your campaigns', and 'Manage your business locations'. A section for 'Account performance trend' is partially visible. The main content area is divided into tabs for 'Campaigns', 'Ad Groups', 'Ads', and 'Keywords'. Under the 'Campaigns' tab, there is a search bar for 'Campaign name' and a 'Filters' dropdown. A row of buttons is visible, with 'Create campaign' highlighted in blue. Other buttons include 'Change status', 'Edit', 'Make bulk changes', 'Export', and 'Co'. Below the buttons, a message states: 'There are no campaigns available in this account. To get started, click Create campaign or choose an account that has at least one cam'. A small video inset in the bottom right corner shows a man speaking.

La 1ere colonne de chiffre correspond au salaire mensuel et la seconde au salaire annuel.

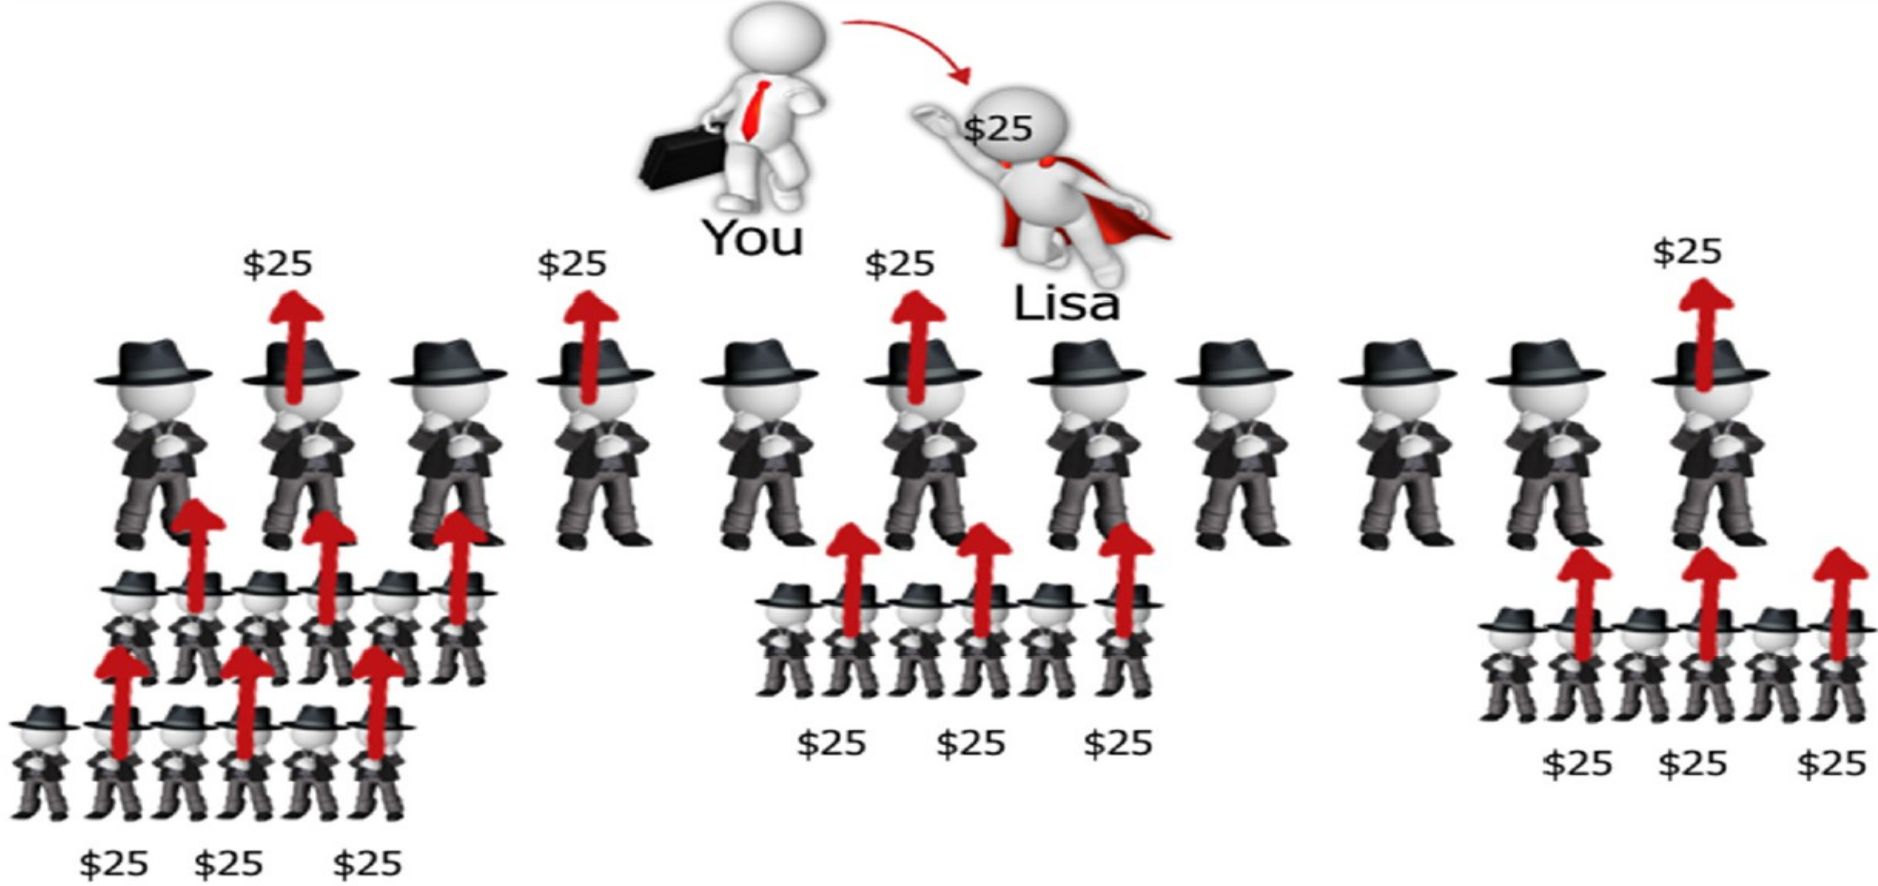

Empower Network utilise le principe des pass up. Joe a parrainé Mary qui a parrainé Franck et Bill. Lorsque Franck paye \$25 ou \$100 en tant que 1er client Mary encaisse 100% de commission Lorsque Bill paye \$25 ou \$100 en tant que 2e client de Mary c'est Joe qui encaisse 100% de commission.

Vous avez parrainé Lisa qui a effectué 11 ventes par exemple. Vous encaissez donc \$25 sur les ventes No 2, 4, 6 et 11 de Lisa. Lisa encaisse donc sur les ventes No 1, 3, 5, 7 à 10. Vous encaissez donc une vente sur 2 des ventes de Lisa sur les 6 premières et une sur 5 sur les suivantes. Cela se poursuit à l'infini en profondeur.

Lisa a parrainé Sam qui a effectué 6 ventes par exemple. Vous encaissez donc \$25 sur les ventes No 2, 4 et 6 de Sam et comme elle a également parrainé Mark qui a effectué 6 ventes également Vous encaissez donc \$25 sur les ventes No 2, 4 et 6 de Mark. Et cela ne s'arrête pas là car vous allez également \$25 sur les ventes No 2, 4 et 6 des ventes No No 2, 4 et 6 de Sam et Mark.

Et cela continue à l'infini en profondeur. Imaginez maintenant si chacun paye \$125 au lieu de \$25 dès que ses gains le lui permettent. Ce mode rémunération n'a aucune limite.
